

Dear Madam, Dear Sir

Welcome to La Côte Saint-Jacques, home of the Lorain family for several generations. We are very happy to welcome you here, and our entire team is already at your disposal to make your stay as pleasant as possible.

La Côte Saint-Jacques, as we have imagined it, is more than a simple hotel moored on the banks of the Yonne... It is a property that reflects our personality, our lifestyle and our passion for our trade of "good hospitality".

This House is our universe, it reflects us and we like it thus. We hope you will consider it as your home. We would like to welcome you as friends who have come to discover our beautiful Burgundy, with a lot of warmth and refinement, but keeping the taste for simple and true values.

This taste for simple and true things, you will find it in my cuisine which magnifies the most beautiful produce that I seek in the best soils. Each dish conceals hidden flavors that you will discover as you taste.

Creation, emotion and passion are for me some solid bases, I hope that you will be sensitive to them and that I will know how to transmit them.

Nowadays, we are entirely turned towards the Yonne and its valley, a superb and privileged setting, favorable to relaxation and discovery. We will be delighted to guide you to visit our region: walks along the towpath; visits to vineyards; itineraries through museums; medieval villages; castles and abbeys...

If you prefer to simply stay with us, you can, depending on the season, relax in the garden, read a book in our lounge-library by the fireplace, or participate in a cooking class. The youngest guests can enjoy the playroom and the most athletic ones the indoor swimming pool, the sauna or the Spa.

As you may have noticed, we have tried to provide you with all the necessary facilities to ensure that your stay with us will be an unforgettable experience. Please feel free to share your comments and suggestions with us so that we can further improve the quality of our services.

Enjoy your stay at La Côte Saint-Jacques

Our Children's Menu

"Initiation à la Gourmandise"

At La Côte Saint-Jacques, the youngest guests are not forgotten and Jean-Michel Lorain pays very special attention to the meals he serves them and to the welcome he offers them. He has therefore created a special "Initiation à la gourmandise" menu for them, which includes a starter and a dessert offered by the chef, as well as a half-dish or a dish from the à la carte menu. The price of this menu is the same as the price of the half-dish or main course chosen.

Your children can enjoy their menu at the table with parents, in their room with a babysitter, or in the playroom dedicated to them.

If this menu is not suitable for your children, we can offer them very simple dishes depending on their preferences.

Call 9 to order your baby's meal, which we can serve in your room or in the children's playroom from 7.30pm.

HELP US PROTECT THE BIODIVERSITY AND OUR PLANET

The Côte Saint Jacques has traditionally offered many amenities to the youngest guests, such as special menus and a playroom reserved for them.

Now we are offering them the opportunity to participate alongside us in protecting endangered species. Indeed, we have promised to donate 50% of the amount of our customers' children's drinks (up to 14 years old) to our association "Dessine-nous un Avenir" as well as a percentage of sales on certain of our shop's items.

The amounts collected will then be transferred in full to the two associations we support and we hope to encourage other economic players in our sector and region to join us.

Good environmental practices

Like any responsible company, we have put in place several actions to limit our impact on the planet:

- Raising the awareness of our staff to the management and sorting of waste
- Raising our customers' awareness of the actions that can be taken
- Use of eco-labelled cleaning products
- Use of low-energy light bulbs and energy-saving spotlights
- Installation of thermostatic mixing valves in the bathrooms
- Elimination of individually wrapped hygiene products
- Respecting the doses of household products
- Recycling of batteries, ink cartridges and used light bulbs in a dedicated depot
- Recycling of broken glass
- Suggesting to the customer that he/she can choose to reuse towels and bath sheets
- Installation of a composter

We recommend the following eco gestures:

- Turn off the lights in unoccupied rooms and when you leave the rooms
- Turn off appliances rather than putting them on standby (computer, iPad ...)
- Unplug appliances when you are away for a long time
- Turn down the heating according to the occupation of the rooms and their ventilation
- Use daylight whenever possible
- Save water
- Report any leakage or noise

This approach concerns all those involved in the life of La Côte Saint Jacques:

Management, staff, suppliers and customers.

Michelin Guide Green Star

La Côte Saint Jacques has been awarded a green star in the Michelin Guide 2021 promotion, synonymous with sustainable and virtuous commitments to the environment,

This is a reward for all the efforts we make in this direction: proximity with local producers, development of our vegetable garden, promotion of natural and organic wine producers, intelligent management of our waste... Etc... Not forgetting our association for the defence of biodiversity and wildlife, Dessine-nous un Avenir, which works alongside associations that fight on the ground on all continents.
